

WEICON AT-44 150 ml Allround Spray

Technical Datasheet

Create Date: 25.06.2013 - Page 1/1

Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

responsibility for non-appropriate or other than specified applications.

WEICON AT-44 Allround Spray with PTFE is used in all industrial and workshop areas. Due to its special formula and to its very low coefficient of friction resulting from the high percentage of PTFE, corrosion protection, cleaning, water resistance, lubrication, and conservation are combined in one product.

WEICON AT-44 is silicone-free and resists all atmospheric influences. For this reason, it is used almost unlimitedly in the areas of workshops, automobiles, navigation, electrical systems, agriculture, household, and hobbies.

Technical data

Colour	yellowish
Odour	vanilla
